## TO REOPEN THE BANK.

The Exchange Bank Carefully Ex-  
amined this Week

BY TWO COMPETENT COMMITTEES

And Found to be in a Condition to  
Warrant the Resumption of Busi-  
ness—A Liberal Proposition Made to  
Creditors Which has Already Been  
Largely Accepted—The Terms Of-  
fered.

Two committees have been at work  
this week, one representing the direct-  
ors and the other the stockholders of  
the Exchange Bank, who carefully went  
over every detail of the assets of the  
bank and of its liabilities. They found  
affairs in much better shape than those  
not already familiar with the bank had  
supposed, and it was decided to recom-  
mend that the bank resume business as  
soon as practicable. To-day a canvas  
will be commenced for additional sub-  
scriptions to the capital stock, the de-  
sire being to increase the capital by  
\$100,000, but the resumption of busi-  
ness does not depend in any degree  
upon the success of this canvas.

In going over the assets all doubtful  
securities were rigidly scaled to the low-  
est notch, and yet it was found that  
the assets far exceeded all liabilities,  
including the capital stock. The com-  
mittee found that the bank was in con-  
dition to open its doors at once, and  
could probably pay all demands on it,  
but in order to make sure depositors  
had confidence in the institution it was  
wise to submit to them a proposi-  
tion, and a paper for their signa-  
ture, agreeing to accept for their de-  
posits three certificates of deposit,  
each for one-third of the amount, these  
to run four, eight and twelve months,  
respectively, and to bear interest at 3  
per cent per annum. This would se-  
cure the bank from the results of any  
possible scare, and enable it to go on  
with its new business without embar-  
rassment. It would also doubtless be  
an advantage to the creditors in the  
long run, as it would enable them to  
draw out one-third of their deposits in  
four months if they desired, while it is  
scarcely probable that so much can be  
paid in dividends in that time if the  
bank remains in the hands of the as-  
signees.

Already Wheeling depositors repre-  
senting about \$200,000 of the claims  
against the bank have signed the  
agreement referred to, and if the rest  
do so Assignee Jones will re-transfer  
the bank assets to the Exchange Bank  
corporation and the business will go on  
as if it had not been interrupted.

It can be seen readily that the gen-  
eral acceptance would be to the ad-  
vantage of the depositors, of the bank  
and especially of the community at large,  
which really needs an increase of its  
present banking facilities.

## WANTED AT PARKERSBURG.

One of a Gang of Toughs who Beat a Man  
Captured.

Word was received at Moundsville  
yesterday of a felonious assault com-  
mitted on a Mr. Byrd, who lives near  
Parkersburg, on Saturday evening last,  
by four tough characters, namely: Al  
Cross, "Monk" Ross, Jim Kinney and  
William O'Neal, who had escaped from  
the Parkersburg officers. The parties  
named were stealing apples in Mr.  
Byrd's orchard, and when they were  
told to get out by Mr. Byrd they all  
jumped on him but O'Neal, and beat  
him up badly with hickory clubs, and  
would have killed him had it not been  
for O'Neal, who persuaded them to de-  
sist. Soon as the word was received a  
search was begun by the authorities  
there and when about the Ohio River  
railroad depot Officers Rodocker and  
Charlton ran down a man supposed to  
be Al Cross, arrested him and placed  
him in jail. He had been loitering  
around Moundsville two days before  
arrested. A letter was found on his  
person, from his wife at Parkersburg,  
saying to keep shy, as they were in  
search of him. Soon after his arrest  
his wife arrived, and told the whole  
story, and Cross confessed. He will be  
held until the Parkersburg authorities  
arrive to take him in charge.

## NOTES ON NAVIGATION.

Stage of Water and Movements of Boats.  
The River Interests.

Word has been received that the  
Courier will be here Saturday on her  
way to Pittsburgh. She will return  
Monday for Parkersburg.

The O. H. Woods came up last night  
from Matamoras, and will leave this  
morning at 11:30 o'clock. She will be  
followed by the Nora, Friday morn-  
ing, for the same port.

There was a further rise in the river  
yesterday, more than was expected,  
bringing the stage at the public landing  
up to 4 feet 3 inches. It is now thought  
that there will be six feet here, enough  
for all of the packets except the Pitts-  
burgh liners.

The Frank Preston departed at 3:30  
for Clarington. She will not come  
back, as Captain Booth thinks there  
will be enough steady water for the  
Liberty, and will bring her up to-day  
from Clarington. She will leave on her  
regular time, 3:30 p.m. The Preston has  
gone back to Catlettsburg and the Big  
Sandy.

The following low water history is  
contributed to the Columbus Dispatch  
by J. C. McGrew: "I think your article  
in yesterday's Dispatch about the Ohio  
river being lower than ever known is a  
mistake. In July, 1835, I fished it at  
Beach Bottom bar with 271 cattle. I  
think that was one of the drier seasons  
I have ever seen. Returning, I crossed  
the river at Cox's rifle, the water  
scarcely reaching above the horses'  
knees. Again in 1857 I forded the river  
with about 100 head of cattle and 150 to  
200 head of sheep, the only drove of  
sheep I ever knew to forde the Ohio  
river. This was at Cox's rifle, four or  
five miles below Steubenville. For two  
or three rods in the channel the water  
might have been two to three feet deep,  
as I well remember. These seasons  
were followed by cold winters and  
heavy snows."

WHATEVER may be the cause of  
bleaching, the hair may be restored to  
its original color by the use of that po-  
tent remedy, Hall's Vegetable Sulfur  
Hair Renewer.

IN JUSTICE DOM.

Cases Tried Yesterday Before Squire  
Gillespy.

Yesterday afternoon before Justice  
R. H. Gillespy, the case of the state  
versus Tom Kane, who lately gained  
notoriety by attempted pick-pocketing  
at the butchers' picnic, for an assault  
on Susie Simpson, was up for trial; he  
was charged with two assaults, and  
after the hearing was fined \$20 and  
costs on each charge, and in default  
goes to jail for twenty days.

The case of the state against J. E.  
Weir, whose true name is Horace G.  
Weir, for robbery as charged by Mr.  
Zoeckler, was tried. The robbery was  
alleged to have taken place on August  
2, and the amount stolen was placed at  
\$36. In this case he was placed under  
\$500 bond to appear at the next term  
of the criminal court, in default of  
which he was committed to jail. On  
another charge, that of robbing John  
Glarer of \$17, while the latter was stop-  
ping at the Farmer's Home, on upper  
Market square, said to have occurred  
on August 22, he was found guilty and  
fined \$30 and thirty days in jail. In  
default he will serve forty days. With  
the criminal court in session next Mon-  
day, Horace G. has a not over cheerful  
prospect to face. After these two rob-  
beries he disappeared from the city,  
but was seen Monday by Officer West  
and captured.

The case of the state against Joe Poul-  
ton was again continued on account of  
the absence from the city of the prin-  
cipal witness on behalf of the state.

For a sluggish and torpid liver, noth-  
ing can surpass Ayer's Pills. They con-  
tain no calomel, nor any mineral drug,  
but are composed of the active prin-  
ciples of the best vegetable cathartics,  
and their use always results in marked  
benefit to the patient.

CHILDREN  
who are puny, pale,  
weak, or scrofulous,  
ought to take Doctor  
Pierce's Golden Medical  
Discovery. That builds  
up both their flesh and  
their strength. For this,  
and for purifying the  
blood, there's nothing in  
all medicine that can  
equal the "Discovery."

In recovering from  
"Grippe," or in con-  
valescence from pneu-  
monia, fever, or other  
wasting diseases, it speedsily and surely  
invigorates and builds up the whole system.  
As an appetizing, restorative tonic, it sets  
at work all the processes of digestion and  
nutrition, rouses every organ into natural  
action, and brings back health and strength.

For all diseases caused by a torpid liver or  
impure blood, Dyspepsia, Biliousness, Scrof-  
ulous Skin, and Scap Diseases—even Con-  
sumption (or Lung-scrofula) in its earlier  
stages—the "Discovery" is the only guaran-  
teed remedy.

If it doesn't benefit or cure, in every case,  
you have your money back.
